## COMMODORE'S REPORT

The Club entered its second century with a year in which continued growth was apparent. Our racing was as keenly contested as ever, with a near record number of yachts in the fleet. The conduct of the season's programme reflects great credit on the Sailing Committee and race officials to whom we are all grateful. The weather on Saturdays during the season was not always up to the standard expected of Sydney, but unfortunately this factor is beyond the control of our committee.

Thanks to the enthusiasm of our Vice-Commodore Hugh Jackson and his wife Jean, the social activities during the year were most enjoyable and the embellishments added to the clubhouse have further enhanced its traditional charm. The boatshed business continues to function efficiently, providing a service to yacht-owner-members. The Committee, under the chairmanship of Rear Commodore Brian Woods, is to be congratulated.

I am very pleased to report the formation of a new committee to cater for the interests of members who are more specifically concerned with cruising, and I feel sure this committee will provide a valuable contribution to the Club's activities.

A further development during the year was the appointment of Roderick Glassford as part-time Administrator. I know that his genial conscientious approach to this position will be much appreciated, not only by Mrs. Kartzoff and Tony Ashleigh, but also by all members of committees and club members in general.

It is with sadness that we record the passing during the year of our members:

- R. G. Kellaway (Life Member)
- A. P. Mackerras (Life Member)
- P. C. Dove (joined 1963)

This being my last report as Commodore, I wish to express my very deep appreciation to the members for having given me the opportunity to serve the Club in this capacity. I have been very conscious of the honour, and have enjoyed working with such dedicated members of committees, and our congenial and efficient staff of Mrs. Kartzoff and Tony Ashleigh.

STEPHEN B. LLOYD,  
Commodore.

## FINANCE/ADMINISTRATION

Commodore S. B. Lloyd (Chairman), C. H. Bull, A. W. Merrington, J. A. Middleton, Rear Commodore B. W. Woods, D. M. Stokes.

### Membership

The following table summarises movements in membership during the year:

	1973	Joined	Resigned	Struck off	Deaths	Transfers	1974
Hon. Life	11	—	—	—	—	—	11
Life	32	—	—	—	2	+ 2	32
Ordinary	342	22	12	17	1	- 2 + 3	335
Provisional	7	21	2	—	—	- 1	25
Junior	4	2	—	—	—	—	6
Associate	4	—	1	—	—	—	3
Absent/Country	14	—	1	5	—	- 2 + 3	9
Totals:	414	45	16	22	3	+ 3	421

The Club negotiated another year resulting in a satisfactory financial position. However, with ever-increasing costs of administration it has been necessary to increase slightly our very modest rates of subscription.

We now have a part-time Administrator with the aim of increasing the efficiency of the Club's activities in all its aspects, and so obtain the greatest possible benefit from the funds available.

The introduction of Provisional Membership has so far proved to be very successful, notwithstanding some early teething troubles with procedures.

### BOATSHED

Rear Commodore B. W. Woods (Chairman), F. D. Bradshaw (Secretary), R. Amorsen, N. Beadle, R. G. Hopkins, B. G. Ironside, E. C. Slocombe, P. A. Slocombe.

Boatshed activities during the year continued to increase in volume. Both slipways have been in increased demand. As reported elsewhere, plans have been prepared to extend No. 2 slip as first priority in the new development programme. This slip will then contain a second cradle, thereby increasing our slipping capacity by 50 per cent.

Saleable labour as a percentage of available labour is running at a rate slightly in excess of 68 per cent and is considered quite satisfactory.

The Club has been unable to obtain additional moorings during the year due to a continuing restriction by the Maritime Services Board on applications from clubs and commercial boatsheds. However, as a further service the Club has supplied, on hire, mooring apparatus to Club members who have been granted a private mooring licence. Under this arrangement, the Club also provides dinghy stowage facilities to the member.

During the last annual inspection of mooring, a further 16 mooring chains were replaced with polypropylene mooring rope.

On the financial side, the Club has received no exemptions from the community wide cost spiral. Both labour and materials continue to increase in price. As a result, a revised operating budget was prepared in February and it was with regret that boatshed labour rates to members were necessarily increased to \$5.00 per hour. Other costs have been contained for the moment but will no doubt have to be reviewed early in the life of next year's Committee.

The Committee wishes to record its sincere appreciation for the co-operation and able assistance provided by Tony Ashleigh in the boatshed and Mrs. Kartzoff in the office, together with their respective assistants.

## **CLUBHOUSE**

Vice-Commodore H. H. Jackson (Chairman), A. McC Merrick, Mr. and Mrs. F. W. Helfer, Mrs. H. H. Jackson, V. D. Alberts, Mrs. R. Withers, Mr. and Mrs. O. M. Bradley.

1973/74 has been an interesting year, one of progress and consolidation. Perhaps most notable among the functions run was the wine tasting and Barbecue, the proceeds covered our expenses for Northcott Day besides enabling the Club to make a suitable donation to the James Craig Restoration Fund and the Maritime Museum. The Committee wishes to record its thanks to Andy Banyai and Ian Giles for their willing assistance in running the function, and also to those individuals and firms who generously supported our efforts in entertaining the children from Northcott School.

At the time of going to press, arrangements have been made to hold the Annual Dinner Dance and Prize Giving at Sebel's Town House—a new locale for the Club, which promises to be an enjoyable and successful evening.

The Clubhouse continues to receive our attention. Presentation plaques are being prepared and fixed to the various items we have acquired in past years, so their origins will not be lost in the course of time. However, your Committee to date has been unable to trace the history of the Barograph (fixed to the wall above the Binnacle) and would be glad to hear from anyone who could contribute this information. Recent acquisitions include a most comprehensive knotboard donated by Tom Selby, a fine teak ship's wheel donated by the elected officers of the Club to commemorate our Centenary, and a stainless steel mooring buoy given by Garth Barraclough, which is at present being prepared for mounting beside the front door. Through the good offices of Tony Pfeiffer we have also acquired a scale model of "Gretel I". It is, however, taking a little time to recondition for display.

Your Committee has been conscious for some time of the need to make available snacks and refreshments during the racing season. Subsequent to a number of teething problems with the service, we appreciate the efforts of Laurie Schneider in taking the catering arrangements in hand, thus making possible this enjoyable finish to a good afternoon's sailing. Whilst on the subject of food, the present high cost of catering is one aspect of social functions that is of major concern to your Committee. We believe the Club is obligated to provide for members and not vice versa, but how to do this without incurring a high per head charge is at the moment an unsolved problem.

Those who frequent the Club on Sundays will be acquainted with Carl Speers and his quiet efficiency in maintaining the Clubhouse and its precincts in good order to be enjoyed by all. On behalf of members we thank Carl for his devotion to a job well done, and to Mrs. Kartzoff for her generous co-operation and understanding in administrative matters, we are sincerely grateful.

## **DEVELOPMENT**

C. F. C. Crisp (Chairman), Commodore S. B. Lloyd, R. L. Skinner, W. R. Lawler, R. B. Withers.

Significant decisions have been taken during the year further to improve the facilities of the Club.

The master plan has now been completed and represents the physical needs of the Club in the immediate and middle future, as well as can be forecast that far ahead. It means that incoming Boards of Management will have a standard reference against which decisions of the future can be made.

The Board has decided to proceed with extensions to No. 2 slipway to permit its use for two cradles in tandem, thus adding some 50 per cent to the Club's capacity for boat repair and maintenance work. Of greater impact is the decision to proceed with re-building and alteration work to establish a new workshop and chandlery department which will replace part of the old cottage. The alterations provide the main boatshed with increased dinghy storage. The work represents Stage 1 of the master plan.

Architect's plans have been prepared and a contractor is now being organised to execute the work.

## RACING

E. R. Tutty (Chairman), G. de Looze (Hon. Racing Secretary), B. Wild, G. McCorquodale, Dr. S. C. Barrett, K. W. Tindall, P. B. Hamilton, C. F. C. Crisp, E. J. Merrington, D. W. Gale, D. Dunkerley, B. F. Walker, F. Wrobel, P. C. Gregory, W. J. Millard, R. King.

Racing was again successfully conducted from our Starter's Boat by Jack Millard, Ray King and their assistants, and we sincerely thank them for contributing to the excellent racing during the season.

Race entries were just two (2) short of our record, at 121 yachts, racing in nine (9) divisions. There were thirty-two (32) new registrations for the season. With two (2) new courses for No. 1 and Metre Division, we now have a total of thirty-one (31).

We again had close and exciting racing as evidenced by the point score. Most divisional point score winners were decided in the last race. Our plans to fix the "Daydream Shield" permanently to the wall of the Clubhouse came unstuck when Middle Harbour Yacht Club won back this excellent Teams Racing Trophy. Next season ???

Congratulations and thanks to Mrs. Kartzoff, who very ably prepared and mailed our sailing instructions to us on the first day of each week.

Our Protest Sub-committee probably set a record for hearings, averaging one each week of the season. Many of the skippers will, no doubt, be wiser on the subject of Yacht Racing Rules, and will enjoy their racing even more in the future. Sincere thanks to Chairman Ernest Merrington for a job well done.

The Skippers' Meetings were, as usual, well attended and much useful constructive comment was recorded for consideration by the Racing Committee. It is regretted that our Racing Secretary Geoff de Looze will be transferred to Western Australia in the Spring and will not be available next season. Many thanks for an excellent job Geoff.

During the season the Racing Committee has worked well and the Club is fortunate that we have these enthusiastic fellows who are prepared to devote so much time to the organisation of our racing.

## SYDNEY AMATEUR SAILING CLUB DIRECTORS' REPORT

In accordance with a resolution of the board of directors, the directors' report as follows with respect to the club's profit for the financial year ended 31st May, 1974 and the state of the club's affairs at that date.

1. The directors in office at today's date are as stated on the previous page.
2. The principal activities of the club in the course of the financial year comprised sailing club, boat repairs and social activities. No significant change in the nature of those activities occurred during the year.
3. The net profit of the club for the financial year amounted to \$2,729. The results of the club's operations during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.
4. The directors recommend that no dividend be paid.
5. Before the profit and loss account and balance sheet were made out, the directors took reasonable steps to ascertain details of the action which had been taken in relation to the writing off of bad debts and the making of provisions for doubtful debts and to cause all known bad debts to be written off and adequate provision to be made for doubtful debts.
6. At the date of the report the directors are not aware of any circumstances which would render the amount written off for bad debts or the amount of the provision for doubtful debts inadequate to a substantial extent.
7. Before the profit and loss account and balance sheet were made out, the directors took reasonable steps to ascertain whether any current assets, other than those to which paragraph 5 applies, were unlikely to realise, in the ordinary course of business, their value as shown in the accounting records of the club. If in their view there was a deficiency they caused those assets to be written down to an amount which they might be expected to realise, or made adequate provision for the difference between that amount and the value shown in the accounting records.
8. At the date of this report the directors are not aware of any circumstances which would render the values attributed to current assets in the accounts misleading.
9. At the date of this report
  - (i) No charge exists on the assets of the club which has arisen since the end of the financial year and secures the liabilities of any other person.
  - (ii) No contingent liability exists which has arisen since the end of the financial year.
10. No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may affect the ability of the club to meet its obligations when they fall due.
11. At the date of this report the directors are not aware of any circumstances not otherwise dealt with in the report or accounts which would render any amount stated in the accounts misleading.
12. In the interval between the end of the financial year and the date of this report no item, transaction or event of a material and unusual nature has arisen which is likely, in the opinion of the directors, to affect substantially the results of the club's operations for the next succeeding financial year.
13. Since the end of the previous financial year no director of the club has received or become entitled to receive a benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by directors shown in the accounts, or the fixed salary of a full time employee of the club) by reason of a contract made by the club, or a related corporation, with the director or with a firm of which he is a member, or with a company in which he has a substantial financial interest.

Dated at Sydney this 27th day of June, 1974.

S. B. LLOYD, Director.  
D. M. STOKES, Director.

## TROPHIES AND PRIZES

**Club Point Score Competition**—A Gold Medal will be awarded to the Club member who accumulates the greatest number of points during the season whilst he is a member.

A Silver Medal will be awarded to the Club member who accumulates the second greatest number of points during the season whilst he is a member.

A Bronze Medal will be awarded to the Club member who accumulates the third greatest number of points during the season whilst he is a member.

**Spring Point Score**—A trophy will be awarded to the yacht in each division leading in the handicap Point Score at Christmas (with no discards).

**Summer Point Score**—A trophy will be awarded to the yacht in each division earning the most points in the handicap Point Score from January onwards (with no discards).

**Scratch Point Score**—A trophy will be awarded to the winner of the Scratch Point Score in those divisions which have Scratch racing.

**Handicap Competition Points**—Points will be scored as follows: Each yacht finishing will score points equal to the number of entries in the race less the number of yachts beating her. In addition seven points will be awarded for first place, four points for second place, two points for third place. Retiring yachts will receive one point.

Only yachts entered for the whole season or for the remainder of the season, if a late entry, are eligible to receive points.

Each yacht must discard the points of three races in the season. A race in which the yacht did not start or finish can be discarded. Otherwise the races earning the least points will be discarded.

**Scratch Competition Points**—In Divisions providing Scratch races points will be awarded on the following basis:

Each yacht finishing will score points equal to the number of entries in the race, less the number of yachts beating her. Retiring yachts receive no points.

Each yacht must discard the points of three races in the season. A race in which the yacht did not start or finish can be discarded. Otherwise the races earning the least points will be discarded.

### **Handicapping:**

An automatic handicap penalty will be applied of 5 minutes or 3 per cent for a win, 3 minutes or 2 per cent for second, 2 minutes or 1 per cent for third. A yacht which does not start in three consecutive races will have an automatic reduction of handicap.

Handicap variations may be made at the discretion of the Racing Committee.

**Kelly Cup**—Perpetual Trophy for competition between the leading yachts from all divisions in the Point Score competition.

**Gretel Trophy**—A perpetual trophy of a Gold Cup presented by the late Sir Frank Packer to the winner of the No. 1 Division Point Score.

**H. S. Lloyd Memorial Trophy**—A perpetual trophy presented by the Lloyd family to the winner of the Second Division Point Score.

**John Taylor Cooke Memorial Trophy**—A perpetual trophy presented by H. E. and J. E. Pfeiffer to the winner of the Third Division Point Score.

**Nominated Skippers' Race**—Yachts to be sailed by a crew member other than the regular skipper. A trophy is presented to the winner in each division.

**Centenary Plate**—Each skipper who wins a gold medal scores a point towards the Centenary Plate. The first skipper to score 3 points wins the trophy outright.

**Centenary Trophy**—As a result of the race held closest to Founder's Day (19th October) a perpetual trophy awarded to the skipper who, on handicap, wins by the greatest margin within his division.
