COMMODORE'S REPORT

It is with pleasure that I make the 112th Annual Report on the S.A.S.C. to its Members.

It has been a difficult year with costs increasing outside our control but despite the fact that operating costs have increased considerably, I am pleased to report the Club has operated profitably.

It has been most gratifying to hear Members say they want the Club maintained with the same atmosphere as this encourages the friendly easy going rapport between Members so evident at the Club.

Despite the financial constraints there has been a constant move towards improving the Club facilities. The S.A.S.C. Directors and myself are always striving to improve the Club and provide the needs of Members. To give Members, especially those we don't see often at the Clubhouse, an opportunity to voice their opinions, a questionnaire has been sent to every Member this year to seek their views on a wide range of matters.

The racing activities have been conducted on a high standard and thanks must especially be given to the Starter, Jack Millard and his team. The 1983 Gaffers Day conducted by the S.A.S.C. was again a Sydney Harbour spectacle and most successful with a large and varied fleet of boats taking part.

Particular thanks are due to our past Commodore, Vic Dibben for his continuing efforts and enthusiastic support in all Club matters. This year, acting as Chairman of the Boatshed Committee, he has successfully guided that section of our activities.

Due to the efforts of our Rear Commodore, Peter Garrow, social functions during the year have been well attended and without exception have been financially successful.

Plans are afoot for further development of Clubhouse facilities by the extension and improvement of the wharf and dinghy ramp and pontoon.

I thank Members of the Board for their loyal support and the permanent and casual staff for their genuine efforts on behalf of the Members.

JOHN JEREMY

An analysis of the membership table reveals that the year under review resulted in an increase in membership despite continuing difficult economic times. Numbers have fallen marginally for the past few years but are now at their highest level for five years.

It is pleasing to note that results, down on last year, were generally in line with expectations. Whilst there have been some variations from the financial plan at each of the quarterly checkpoints, these variations were closely monitored and corrective action taken.

Your Board believes that the corrective action has now stabilised a difficult trading operation and will result in a further improved position in the new financial year.

Attention is drawn to the accounts and to the accompanying notes. Once again these reveal that your Club has been prudently managed during difficult times.

To assist in day to day management the Board finalised the purchase of a computer during the year. Responsibility for the development of the new computer system and the transition from old to new fell to the Hon. Treasurer, Mr. Fred Bevis. Accordingly it is my pleasure to place on record the Committee's thanks for a job well done.

BRIAN WOODS

BOATSHED

Vice-Commodore — F.D. Willis, V.W. Dibben (Chairman), R. Lawler, M. Miller, M. Bradley, P. McCallum.

At the beginning of the year, the position of Boatshed Manager was advertised and Mr. Peter Wargent was appointed. The applicants for the position were of a very high standard.

Following the appointment the objective has been to improve the facilities and efficiency of the operation of the boatshed activities.

There has been a considerable upgrading of the slipway facilities which enables larger vessels to be slipped. Areas in the vicinity of the slipways have been improved and concreted to provide easier access when working on yachts.

The workshop has also been upgraded with a general improvement in the storage of stock and tools, and new portable electric tools have been purchased. A start has been made to renew the dinghy racks, the first section at the southern end has been completed, with painting and rearrangement it has created an improvement in that area.

Extensions to the dinghy pontoon area are in the care of the Development Committee and they look good.

The Club had the annual service on its moorings carried out and there was an increase in the cost of this work, in addition the Maritime Services Board considerably increased its fees for the Club Moorings. Regretfully these increases have had to be passed on to the users of the moorings.

“Captain Amora”, the Club starting vessel, had carried out its function without problems and we have continued to upgrade its equipment.

“Nancy K”, a hard working vessel in the Club, is also performing satisfactorily.

The Boatshed Committee is very appreciative of the efforts and co-operation from Peter Wargent, Adam Fitzgerald and Carl Speers, and wished to record its thanks to them.

In conclusion, my thanks to the Members of the Committee who have always been available for assistance and consultation.

V.W. DIBBEN

CLUBHOUSE

Sub-Committee: Tony and Dawn Saunders, Max and Jan Miller, Peter and Kate Garrow.

In a year when most clubs felt the financial impact of random breath testing, your Sub-Committee embarked upon a more intensified programme of social functions in an effort to make good the short fall anticipated in our Saturday refreshment catering and to a large degree they were successful.

To our usual calendar of functions ie: Flag Officers’ Night, Sunday Breakfasts and Christmas party, were added extra breakfasts and two “Theme Dinners” — A traditional English Dinner, and a very Gallic French Night.

In catering for these functions, Dawn, Jan and Kate undertook a quite massive task and those Members who attended will be quick to agree that these ladies did an incredible job in providing food of both outstanding quality and variety.

The social year opened with the English Dinner where guests, each adorned with a very British bowler hat, enjoyed typically English fare with great relish.

The Flag Officers’ Night, traditionally a buffet dinner, though somewhat effected by a roaring southerly, was never the less a success and the Christmas Dinner saw Santa dispensing gifts while two immense roasting pigs turned appetisingly on spits.

The French Night was however, the event of our year. All guests arrived in French costume and the evening could only be described as a very, very funny night. The success of this evening has heralded more theme or costume nights in the coming year.

A number of “Breakfasts on the Wharf” were held, all were a sell-out and because of their acceptance more will be held next year.

Gaffers Day, that S.A.S.C. day of days saw a wonderful turn out of Members and their ladies to say nothing of a record fleet of Gaff-Rigged yachts to dazzle the harbour in a day of brilliant sunshine.

Northcott Day again gave us the opportunity to entertain those less fortunate than ourselves and this year with vastly improved weather it was a great success. Our thanks to all those who assisted by acting as host yachtsmen or wharf and clubhouse staff.

Special thanks to Les Ardouin for his generous donation of bar-be-que fare on this important day when, for a number of years now he has provided an excellent lunch for the children’s parents and all others in attendance.

Our plans for next year include increased activity in providing social functions that will attract the interest of Members and enhance the Club’s profitability. To our regular functions will be added breakfasts, costume nights and Sunday lunches.

To Tony Saunders, Max Miller and Jeanette Percival, my thanks for your assistance over the past year and particularly to Jan Miller, Dawn Saunders and Kate Garrow my sincere gratitude for the time and hard work invested on the Club’s behalf.

We look forward to another year of Club functions and trust our efforts will result in your interest and pleasure during the coming twelve months.

PETER GARROW.

DEVELOPMENT & MAINTENANCE

The major activity undertaken during the year has been the preparation of a survey and feasibility study on the Club's wharfing facilities, resulting from the need of a major overhaul or replacement of the existing ramp and dinghy pontoon.

A number of options have been considered including repairing the existing facility, a similar replacement or a larger development extending the wharf area to the north of the boat shed and installing an extended floating pontoon suitable for launching dinghys, operating and mooring the "Nancy K", pick-up facilities for members' yachts, and a breakwater for the slipway.

Initial estimates indicated that the latter study should be within the financial resources of the Club and as a result, a consulting engineer specialising in pontoon developments has been retained and a preliminary application has been submitted to the Maritime Services Board to test the feasibility of the scheme. This matter is still with the MSB and a response is expected within the next two months.

The various roof constructions of the Club have deteriorated considerably in recent years, and a programme of maintenance, repair and replacement extending over two years is proceeding.

The continuing problem of garbage disposal from the site has been significantly reduced by the availability of a waterfront refuse disposal service which the Club is utilising, and this should significantly reduce some of the unproductive activities of the boat shed staff. As this service is relatively expensive, the restriction on members placing their private refuse in Club bins must still apply.

JOHN RICKARD

RACING

The season was certainly remarkable for the consistently light breezes, with only one southerly giving crews and gear a serious workout.

Although, as with most other Clubs, fleet numbers were down by nearly 20% percent, good racing was evident in all divisions. The Half-Ton Division was our largest with 24 yachts on the programme.

The Cavalier 28 Division continued to grow in strength, with the S.A.S.C. hosting the second State Championships and the Interdominion Challenge.

It was pleasing to welcome S80 and Adams 8 yachts to the newest division racing with the Amateurs. A five race series for the S80 Harbour Championship was held concurrent with the Spring and Summer Pointscores with yachts from other clubs joining in our racing. This series will be expanded to seven races next year.

The Offshore Division continued to race with the C.Y.C. and represent S.A.S.C. in major events such as the Sydney-Hobart and Mooloolaba Races.

Development of the computer programme continued and will be fully implemented next season. Data from this programme is invaluable for handicapping and resulted in 15 of the 18 starters in the Kelly Cup finishing within five minutes on corrected time. This standard of handicapping will flow on to normal Club events and provide even closer racing.

My thanks go to all Members of the Race Committee for their help, and particularly to Pat Ferris whose efforts kept everything flowing smoothly. Pat is leaving us and we wish her well for the future.

DIRECTORS' REPORT

In accordance with a resolution of the board of directors, the directors report as follows with respect to the club's results for the financial year ended 31st May 1984 and the state of the club's affairs at that date.

1. THE NAMES OF THE DIRECTORS OF THE CLUB IN OFFICE AT THE DATE OF THIS REPORT

V.W. Dibben
J. Jeremy
D. Willis
A. Prigge
F. Bevis
C. Bull
D. Williams

C. Crisp
P. Garrow
R. Lawler
M. Miller
A.W. Merrington
J. Rickard
B. Wood
P. Chessher

2. PRINCIPAL ACTIVITY OF THE CLUB

The principal activity of the club during the financial year was to promote the sport of amateur sailing.

There was no significant change in the nature of that activity during the year.

3. TRADING RESULTS

The operating profit of the club for the year ended 31st May 1984 was \$188. No provision for income tax was necessary.

4. MATERIAL MOVEMENTS IN RESERVES AND PROVISIONS

Movements in provisions for the year reflect normal amounts set aside for such items as current depreciation, amortisation, long service leave and doubtful debts.

5. BAD AND DOUBTFUL DEBTS

The directors took reasonable steps before the profit and loss account and balance sheet were made out to ascertain that all known bad debts were written off and that adequate provision was made for doubtful debts.

At the date of this report the directors are not aware of any circumstances which would render the amount written off for bad debts or the amount of the provision for doubtful debts inadequate to any substantial extent.

6. CURRENT ASSETS

The directors took reasonable steps before the profit and loss account and balance sheet were made out to ascertain that the current assets, other than debtors, were shown in the accounting records of the club at a value equal to or below the value that would be expected to be realised in the ordinary course of business.

At the date of this report the directors are not aware of any circumstances which would render the values attributed to current assets in the accounts misleading.

7. EVENTS SUBSEQUENT TO BALANCE DATE

No charge on the assets of the club has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may affect the ability of the club to meet its obligations when they fall due.

8. OTHER CIRCUMSTANCES

At the date of this report the directors are not aware of any circumstances not otherwise dealt with in the report or accounts, which would render any amount stated in the accounts misleading.

9. UNUSUAL TRANSACTIONS

The results of the operations of the club during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.

In the interval between the end of the financial year and the date of this report no item, transaction or event of a material and unusual nature has arisen which is likely, in the opinion of the directors, to affect substantially the results of the club's operations for the next succeeding financial year.

10. DIRECTORS' BENEFITS

Since the end of the previous financial year no director of the club has received or become entitled to receive a benefit by reason of a contract made by the club with the director or with a firm of which he is a member, or with a company in which he has a substantial financial interest.

DATED at Sydney this 22nd day of June, 1984.

The accompanying notes form part of and are to be read in conjunction with this financial statement.

These accounts should be read in conjunction with the attached report by Horwath & Horwath.

SYDNEY AMATEUR SAILING CLUB

NOTES TO AND FORMING PART OF THE ACCOUNTS

1. STATEMENT OF ACCOUNTING POLICIES

The following is a summary of the significant accounting policies which have been adopted in the preparation of the club's accounts. Unless otherwise stated such accounting policies were also adopted in the preceding year.

- (a) The financial statements have been prepared under the historical cost convention and do not take into account changing money values.
- (b) Bank Overdraft:
Cheques drawn and not presented at the club's bank at 31st May are classified as creditors.
- (c) Depreciation and amortisation of fixed assets:
Fixed assets are being depreciated or amortised on the straight line method by sufficient charges to write off the costs of the assets over their expected useful lives.
- (d) Long service leave:
The long service leave liability has been recorded in the accounts in respect of employees having completed at least five years service with the club. The liability in respect of employees who will have nine years service or more will be reflected as a current liability.
- (e) Stock on hand:
Stock on hand has been valued at lower of cost and net realisable value.
- (f) Income tax:
No provision for income tax is necessary as the club is exempted from taxation via the provisions of section 23(g) of the Income Tax Assessment Act.
